

Don't let your disability
keep you grounded...

Learn to FLY

Suzi Duncan Scholarships

Wheelies with Wings is a not for profit organisation whose purpose is to provide people with a lower limb disability the opportunity to experience freedom and achievement through flight. We do this by arranging a two week *Learn to Fly* course at Temora airport NSW. The scholarship will cover living and flying expenses!

This is the Piper Cherokee you will fly whilst being coached by a professional instructor. The aircraft has special hand controls. We invite you to apply for this unique experience.

"When I am flying I'm just like everyone else and no-one knows I am disabled— it's magic."
